

May 2015 UPDATE

Bin Store

The refuse collection and bin store should only be used for normal domestic waste. Please refrain from leaving large, bulky items or electrical goods, if they do not fit in the bins we have no means of getting rid of them.

Additional bins have been arranged for paper and plastic recycling for busy periods. But if all of the bins are full please do not leave piles of rubbish on top of the bins as the collectors will not take it and just leaves a mess. The bins are usually emptied on Mondays so keep it until the bins have been emptied.

Wifi Service

The Wifi Service onto the estate was upgraded before Christmas and speeds have increased. However there are still problems with connections in some areas problems with speed when the system is very busy. We have commissioned another upgrade to the network transmitting signals around the estate which should be complete before the Whitsun holidays.

If you do have problems after that please phone Wifi Spark who run the service on 01626 831800 and raise a support request so then can monitor the system properly.
